IN RE: Request of Carolina Power & Light       ) ORDER APPROVING  
Company for Approval of Enhancements    ) STANDARD CHANGES TO  
to the Company's Residential Energy-    ) RESIDENTIAL SERVICE  
Efficiency Programs.                       ) ENERGY CONSERVATION  
  ) DISCOUNT RIDER

This matter is before the Public Service Commission of South Carolina (the Commission) on Carolina Power & Light Company's (CP&L's) request for approval of certain higher eligibility standards in its Residential Service Energy Conservation Discount Rider. By letter dated March 23, 1994, CP&L explained that it had previously filed enhancements to its residential energy efficiency programs and that part of these revisions increased the thermal efficiency standards for new customers. CP&L states that while it is not seeking approval of its modified Demand-Side Management Program, the proposed changes affect certain new customers' rates and, consequently, it requests approval of these efficiency level requirements.

Pursuant to S.C. Code Ann. §58-27-870 (F) (Supp. 1993), the Commission hereby approves CP&L's eligibility standards changes to its Residential Service Energy Conservation Discount Rider. These changes shall be effective on or after the date of this Order.

CP&L is hereby instructed to file ten (10) copies of its revised Residential Service Energy Conservation Discount Rider within ten (10) days after its receipt of this Order.

IT IS SO ORDERED.
